*Hero building*

Imagine a development  
that lives both storeys high  
and along the shoreline.

Where the land and the lake merge now has a new name:  
home. Lakeside Residences is where you can witness your  
reflection in the tranquil waters, and bare witness to the  
hustle and bustle of a booming cityscape. It's raw and  
refined. Natural and urban. Home and a destination.

Lakeside Residences is truly changing the  
waterfront community as we know it.

INTRODUCTION

## Developing iconic waterfront districts the world over.

Greenland Group is recognized worldwide for creating iconic landmark communities with dynamic architecture, public areas, cultural amenities, and retail spaces. Driven by a mission to ‘create a better life’, Greenland constantly makes positive contributions to the civic fabric in each city they build, through an immersion with the local arts and cultural identity unique to each place.

Greenland Group’s first Canadian project, King Blue by Greenland, is a 122-key luxury boutique hotel, including 44 and 48-storey residential towers that sits adjacent to the TIFF Bell Lightbox. The vibrant destination will become a new cultural anchor in the neighbourhood, providing a permanent home for Canada’s first theatre museum.

In 2012, Greenland Group embarked on a global expansion, and is now actively building dynamic projects in 13 of the world’s most-coveted destinations including Sydney, New York, London and Los Angeles.

## Hariri Pontarini Architects

Hariri Pontarini Architects (HPA) is a full-service Canadian firm devoted to producing work of lasting value. Siamak Hariri and David Pontarini founded the Toronto office in 1994 motivated by a shared commitment to design quality. Today their 120-person practice has a diversely scaled, award-winning portfolio reflecting the HPA mission to craft architectural and urban solutions that exceed expectations, without excess. David Pontarini, Partner-in-Charge of the Lakeside Residences project, focuses on building better cities through quality urban developments that channel the best aspects of their site and program into finely executed architectural and public realm designs. Over the past 31 years, he has built an award-winning portfolio of complex, variously scaled, urban high-rise and mixed-use developments in cities across Canada and the United States. Pontarini's design-led approach to smart development solutions contributes to his reputation as one of Toronto's leading architects, and to the recognition of HPA, by the RAIC, as winners of the 2013 Architectural Firm Award.
